

Fleet Lease Program

Take advantage of the residual value at the end of your lease term. By avoiding heavy upfront costs, you can keep your cash in your business while you upgrade to the newest equipment, all with less hassle.

At the end of your lease you have 3 options:

1. Return your mower(s) and get brand new equipment on a similar program.
2. Continue to use and lease your equipment at a reduced payment.
3. Buy the equipment for the agreed residual amount.
